

MASS METROLOGY COURSES

Metrology Area	Course		Target Group	Duration	Fees
Mass Metrology	Moisture Instruments calibration & uncertainties – Level 1	Grain moisture meters	Metrologists, Calibration technicians, Lab managers, Quality practitioners	5 days	KES 100,000
	Balances Calibration and Uncertainties seminar	Non-automatic weighing instruments		5 days	KES 100,000
	Basic Mass metrology	Class M & F; weight adjustment		5 days	KES 100,000
	Advanced mass metrology	Class E weights		10 days	KES 250,000
	Solid density determination	Class E weights		5 days	KES 150,000
	Moisture Instruments calibration & uncertainties – Level 2	Wood moisture meters		5 days	KES 100,000
	Weighbridges and Batching Plants: Calibration and Uncertainties	Automatic weighing instruments		5 days	KES 100,000
